Webmaster: Robin reported that all seems to be working well after the systems upgrade or though the vigorous spam setting was holding up the processing of some new members. Up to 50 spam emails were being received daily.

Social: Mid week runs had been cancelled twice with a request that members consider arranging future events. On a positive note Jezz arranged an impromptu Sunday run via social media which was well attended and resulted in a new member

Club Registration: Don had nothing to report as the next meeting was not due until 17 August. During July concessional registration requests were processed for four ICV and one Sprite

Competition report: Pat advised of the forthcoming Mallala super-sprint and mentioned that this year could be the last year of supersprints at The Bend due to the costs involved. The MG racing series has now been widened to accept British built cars and may even accept Clubbies based on their heritage. The current entry cost is \$400 per event.

Clubbies: First Sunday of the month at The Rezz attracted twenty clubbies and their owners Sean has details of low (2600km) Clubbie available for \$27500. Those interested should contact him directly for the full details.
