

Moss Motors Car Cutout Model

It is easier to color your Midget before you cut it out.
Felt tip markers or color pencils work great.

Carefully cut out the car with an X-Acto knife or scissors.

After cutting out car, fold down tabs, then roll over rear body panels first, gluing or taping tabs inside to hold body curvature.

MG MIDGET

The MG Midget became a favorite amongst collectors and enthusiasts all around the world, due to its more affordable prices. 236,089 MGs were built between 1961 and 1980.

Tip: Cut slots in body before folding car.
