Financials: Presented by Kerry Fisher, Treasurer. Statement March 2026 attached.

Reports:

- **Competition:**
 - Pat provided a brief summary of their completion efforts in the east, unfortunately all the best intentions, including road and dyno testing resulted in a car that was only capable of completing 3 lap races.
 - Sprite Club meeting held at Mallala saw an impressive lap time of 1:13, car/driver un-known.
 - Dorian timing issues reported at Mallala, with a new system being used, Mylaps. (*possibly mylaps.com*) For the event the cost of Mylaps was covered, however ongoing, cost would be \$20. The reporting format is different to that of Dorian, in Pat's opinion falling short of Dorian.
 - Dorian vs Mylaps Mallala future/direction TBA.
- **Federation:**

A summary of the key points, reported by Don:

 - The Federation is concerned by questions raised by new Committee Members, as showing signs of inadequate briefing by their associations as to the role of a Committee Member.
 - Heavily Modified Conditional Registration Vehicles, must carry with their log books:
 - Engineering certification of the approved modifications,
 - Regency Park Approval Number & details to be with their logbooks.
 - There are **Ten Members un-financial**, that the club is obliged to notify the Registrar of Motor Vehicles. Multiple communication attempts have been made to these members.
- **ClubbiesSA:**

Sean Covered off the following points:

 - The last Sunday meeting at the Rezz, co-en sided with a large car display at the adjoining Thorndon Park Reserve, providing an interesting post breakfast segway to a vast number of interesting vehicles. Bentleys, Aston Martins, a long list of exclusive cars. To a SMART Roadster.
 - URGENT HELP, The 2026 Peter Hall Memorial 6-Hour event requires support in the following areas:
 - Pat's Team needs a Car and a Driver to make the Grid
 - "Were in it for the Beer", Sean's Team Needs a Car and a Driver

- Interstate National's visitors are being followed up as possible options.
- Volunteers in multiple areas are needed.
 - Note: there is approx half the teams compared to last year.
- **Regalia:**

Living the dream and sporting matching Sprite Club Cap & Tee Shirt, please welcome Janice Walker, our new Regalia Lady.

 - While first week in the role, Janice had a few questions revolving around stock, suppliers and pricing.
- **National Challenge Update:**

With the cut off date now passed, Gordon provided a recap / summary of the events and numbers, along with a bit of back channel to the process and timings involved. It was clear that the hard work and countless hour the Challenge Committee has put in, will see the event running smoothly.

 - Volunteers would be appreciated, if you are at the event or planning to be there for a day.
 - Members encouraged to attend the open events such as Display Day & Regional Runs.
 - Trailer storage; solved. Thank going to Greg Newbold.

Social:

Bruno, Vittoria & Glen spoke to the **2026 Dream Ride Experience**, as a day not to be missed and a way to give back to the community and children with intellectual disabilities. The **Red Bugeye** gave one child their day of a lifetime.

- Summary of the event to be posted on the website.
- Reminder to the club, in Q4 2026 to register their interest for 2027.

Car / Parts for sale: Nil

General Business: Nil

Guest Speaker:

Mike Schneider & Beth, presented a pictorial journey of retrofitting a MG Midget with an electric motor and supporting battery package. Post the presentation shows several of us a video of the car running around the back yard. So the end is near, hopefully it will soon pass registration and be at our meetings.

Thank you Mike & Beth for the excellent presentation, follows by Q&A.
